

The NLW Surface Adapter Surface Mount Adapter for NLW Wall Heater Installation Guide

<http://www.cadetheat.com/products/wall-heaters/NLW>

!! Warning !!

Extreme caution should be taken when working with electricity. Turn off all power at the circuit breaker or fuse box before doing any electrical wiring. Lock, tape, or tag the circuit panel door so power cannot be turned back on during installation. Failure to do so could result in serious injury or possible fatality!

KIT INCLUDES:

- Painted Surface Mount Adapter
- 2 Sheet Metal Screws (#10x2")
- 2 Screw Clips
- 1 Ground Screw
- 3 Washers

INSTALLATION:

1. Read and understand your heater instructions.
2. Remove an adapter knockout closest to the supply wires.
3. Mount the adapter securely to the wall, paying attention to minimum heater clearances.
4. Feed the supply wires through the knockout using an appropriate strain relief connector (not provided.)
5. Feed the supply wires into the heater adapter.
6. Screw the heater to the adapter using the two screws provided.
7. Wire the heater according to the installation instructions included with the heater.
