

# Electronic Convection Heater

Sleek design with built-in electronic thermostat provides an energy efficient panel heating solution.

Built-in Electronic Thermostat

## Features

- Built-in electronic thermostat maintains room temperature to within 0.5°C (0.9°F) for maximum comfort and up to 10% energy savings
- Silent, convection heating; no moving parts
- Moves warm air quickly and evenly without a fan
- Rear junction box with cable clamp for easy wiring
- Automatic high limit protection
- Detachable wall mounting bracket for easy installation and cleaning

## Applications

Ideal for new installations or where there is an existing supply line but no wall thermostat

## Specifications

<b>Voltage</b>	- 240/208V
<b>Wattage</b>	- 500/375W, 1000/750W, 1500/1125W, 2000/1500W
<b>Color</b>	- White
<b>Finish</b>	- Polyester/epoxy powder coating resists fading and abrasion
<b>Construction</b>	- Attractive one-piece front cover is constructed of durable 22 gauge steel - The hinged wall mounting bracket detaches from unit back for easy installation and incorporates "tilt forward" feature for cleaning
<b>Heating Element</b>	- Finned, steel sheathed element for durability and efficient heat transfer
<b>Control</b>	- Built-in electronic thermostat
<b>Warranty</b>	- 2-year limited warranty on complete unit - 10-year warranty on element

## Ordering Guide

Cat. No.	Volts	Watts	Length (mm/in)	Weight (kg/lbs.)
DTX0500	240 / 208	500 / 375	450mm (17.7")	4.2 / 9.3
DTX1000	240 / 208	1000 / 750	620mm (24.4")	5.6 / 12.4
DTX1500	240 / 208	1500 / 1125	690mm (27.2")	5.9 / 12.9
DTX2000	240 / 208	2000 / 1500	860mm (33.9")	7.1 / 15.7
